**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

If I learned anything in high school, I also learned that competition is good for the American people. We get better quality and better pricing this way. Monopolies or even close to Monopoly is NOT good. Don't let big business squash smaller ones so they can continue to further raise rates and give us less service for our dollar. When I switched from AT&T internet to Sonic internet, not only did I save money, but my service speed and reliability went up noticeably.

This is just one example of free market working it's magic. Do the right thing.
